

Biography

About Terry & Barbi...

Terry & Barbi Franklin are singers, songwriters and speakers that have ministered full-time for over 22 years as a duo, focusing on their theme: **"Inspiring Love in the Home & Revival in the Church."** Through Family Concert Ministries and Marriage Seminars nation-wide, as well as in 34 foreign countries, they are reaching countless marriages and families with the hope and love of Jesus.

They founded **Heart for the World, Inc**, a missions organization which focuses on evangelism as well as bringing encouragement to marriages and families world-wide. Through marriage seminars, evangelism crusades, and concert ministries around the globe, the Franklins have seen many thousands of souls saved, churches planted, and lives changed by their message of hope and restoration.

Through the years, they have worked with many well-known Christian leaders and artists such as Billy Graham, Jim Cymbala and The Brooklyn Tabernacle Choir, Focus on the Family, Coach Bill McCartney and Promise Keepers, Adrian Rogers, Jack Hayford, Steve & Annie Chapman, Bill & Gloria Gaither, David Jeremiah, Kay Arthur, Gary Smalley, Judge Roy Moore, Josh McDowell, Don Wildmon and The American Family Association, and many others.

As **songwriters**, they have had noteworthy success – artists across a wide range, from Glen Campbell to The Brooklyn Tabernacle Choir have recorded their songs – and they have won numerous Dove Awards and award nominations – but more important to them are the **changed lives and healed marriages and families** they have seen through the years as God has used them.

Terry & Barbi possess a burning desire to see God bring Revival and Awakening to the church... starting inside our homes... and spreading to the whole Family of God. They bring their sons, Tyler and Travis, with them whenever they are available (both are now college students). Using Terry's skill at the keyboard and Barbi's talent on violin, (Tyler and Travis play guitar and drums when along), they lead listeners into a worship experience that touches hearts through their musical and family harmony. In their family concerts, Barbi includes a short segment with "Nicky" especially for the children. This character is loved by young and old alike and is especially effective during their evangelism meetings overseas.

Both Terry & Barbi have traveled in music ministry since they were very young. After over 22 years of ministry together, they continue to encourage strong family values, unity, and renewed hunger for God.
